

EAST-WEST FORUM

AT THE TWENTIETH ANNIVERSARY CONFERENCE ON
Toward a Science of Consciousness

TSC 2014

APRIL 21, 2014, TUCSON

*"Oh, East is East and West is West, and never the twain shall meet,
Till Earth and Sky stand presently at God's great Judgment Seat;
But there is neither East nor West, Border, Nor Breed, nor Birth,
When two strong men stand face to face, though they come from the ends of the earth!"*
-Rudyard Kipling (1889) : The Ballad of East and West

The East-West Forum is now a familiar feature at the TSC series of conferences, starting with TSC 2012 at Tucson, TSC 2013 at Dayalbagh Educational Institute (Deemed University), Dayalbagh and again TSC 2014 at Tucson. The above quote rather prophetically captures these momentous events, when not just two strong men from East and West stand face to face, but in fact, two galaxies of strong men from East and West meet at Arizona, and Dayalbagh also through video-conferencing.

ABOUT THE EAST-WEST FORUM AT TSC SERIES

The Inauguration of the Centre for Consciousness Studies at Dayalbagh Educational Institute (Deemed University), Dayalbagh, Agra, India in October 2011, and QANSAS (International School on Quantum and Nano Computing Systems and Applications) series of events organized annually at DEI since 2008, have generated considerable interest in the DEI community, which has been responding extremely well and extremely fast to the scientific study of consciousness. Prof. Stuart Hameroff, who delivered the Inaugural talk at QANSAS at DEI in December 2011, and who is the Chief Architect of Toward a Science of Consciousness, Tucson Conferences held alternate year in Tucson, Arizona and held every other year in any of the other countries of the world, on leaving this place, offered to host The Twentieth Conference on Toward a Science of Consciousness (TSC 2013) in DEI, Dayalbagh. His offer was gladly accepted and DEI teams fanned out in all parts of the world to invite leading experts in the field. A large delegation from DEI visited TSC 2012 at Tucson, a team was sent to the Swiss Biennial on Arts, Science and Technics at Lucerne, Switzerland and another team to the 16th Annual Meeting of the ASSC at Sussex. Besides significant participation by the DEI at TSC 2012, the DEI also successfully conducted an Eastern Philosophy Forum TSC 2012 at

DEI team with Sir Roger Penrose at Swiss Biennial, Lucerne, 2012

Tucson. TSC 2013 at DEI, Dayalbagh was a great success and once again featured an Eastern Philosophy Forum also with the Key Note talk by Prof. James Hagelin, Maharishi University, USA. The East-West Forum at TSC 2014 will include

Key Note Talks, Oral Presentations as well as a Poster Session. The spontaneous acknowledgement sent by Prof. Stuart Hameroff, Director, Centre for Consciousness Studies, University of Arizona after TSC 2013, speaks volumes about the TSC 2013 held at Dayalbagh, Agra (India) :

"The conference was a great success and accomplishment. Congratulations! The confluence of Eastern spiritual philosophy, and quantum cognition, biology, physics and cosmology is the best chance to understand the science of consciousness. Your conference will be remembered as the timeplace where it all started to come together. Your organizational skills and team were brilliant. Thank you!"
